

SUMMARY

A passionate Full Stack Developer with expertise in the MERN stack, specializing in scalable web applications, efficient frontend interfaces, robust backend architectures, responsive design, API development, database management, and cloud integration and a strong background in software development. Proficient in modern technologies like Redux, Tailwind CSS, and RESTful APIs, I continuously strive to enhance coding proficiency and stay updated with industry trends to develop high-performance, user-centric applications.

EDUCATION

Bengal College of Engineering and Technology - Durgapur, West Bengal IN

Bachelor of Technology in CSE
2022 - 2026

M.S.Y. Inter College - Gaya, Bihar IN

Intermediate of Science
2020 - 2022

British English School - Gaya, Bihar IN

Secondary School

2019 - 2020

SKILLS

- HTML, CSS, Tailwind CSS - Frontend structuring and styling.
- JavaScript, React.js, Next.js - Interactive UI development.
- Node.js, Express.js - Backend development.
- MongoDB, SQL - Database management.
- Java, Spring Boot - Enterprise applications.
- Docker - Containerization and deployment.

CERTIFICATIONS

- Learn C - CodeChef - Fundamental C programming skills.
- Python & JavaScript - HackerRank - Proficiency in scripting languages.
- Artificial Intelligence & SQL - Simplilearn - AI concepts and database management.
- Problem Solving (Basic) - HackerRank - Logical and algorithmic problem-solving skills.

PROFESSIONAL EXPERIENCE

Web Development Intern

InternPe | July 2024 - August 2024

- Worked as a Web Development Intern at InternPe, gaining experience in building responsive and interactive websites using HTML, CSS, and JavaScript.

Full Stack Development Intern

BHARAT Intern | July 2024 - August 2024

- Worked as a Full Stack Developer Intern at Bharat Intern, building dynamic web applications using MERN stack.

Java Development Intern

CodeAlpha | September 2024 - December 2024

- Worked as a Java Developer Intern at CodeAlpha, developing efficient and scalable Java-based applications.

Software Development Intern

EliteTech Intern | December 2024 - Present

- Currently working as a Software Developer Intern at EliteTech Intern, developing innovative and scalable software solutions.

PROJECTS

- Language Translator App (React.js) - Built a real-time translation tool with multilingual support using APIs for seamless communication.
- Employee Management System (Java, SQL) - Developed a system for managing employee records, payroll, and attendance with database integration.
- Do It App (Java, Spring Framework, MySQL) - Created a task management application with CRUD operations and user authentication.
